John Doe — 17:45
See you in the conference room B in 5 minutes 🎤

Susan Paige — 16:30
The weekly reports are ready to be sent to. Should I send it al... 1 🎤

Michael Red — 16:22
I need to postpone our call to Wednesday same time. Thank 🎤

Robert Cross — 12:10
Can you sen me the pictures folder via email please? 🎤

Amy Liam — 11:37
I'll be in the office full day today. I can work on it in the afternoon 🎤

Chris Douglas — Yesyerday
Ok, fine. Everything looks good. You can send it over. Thanks. 🎤

Audry Pitt — Yesterday
Double check you inbox please, I send the email in the morning. 🎤

Pinned chat

The **pinned chat** icon 🚩 shows that the chat has been pinned by the user and will always show at the top of the list. You can pin up to 3 chats.

Unread messages badge

① It shows how many unread messages there are.

ONE-TAP voice message

You can send a voice message directly from the chat list by tapping on the **Record voice message** icon 🎤 and holding it while recording. Once released, the message will automatically be sent. You can cancel it by swiping left.
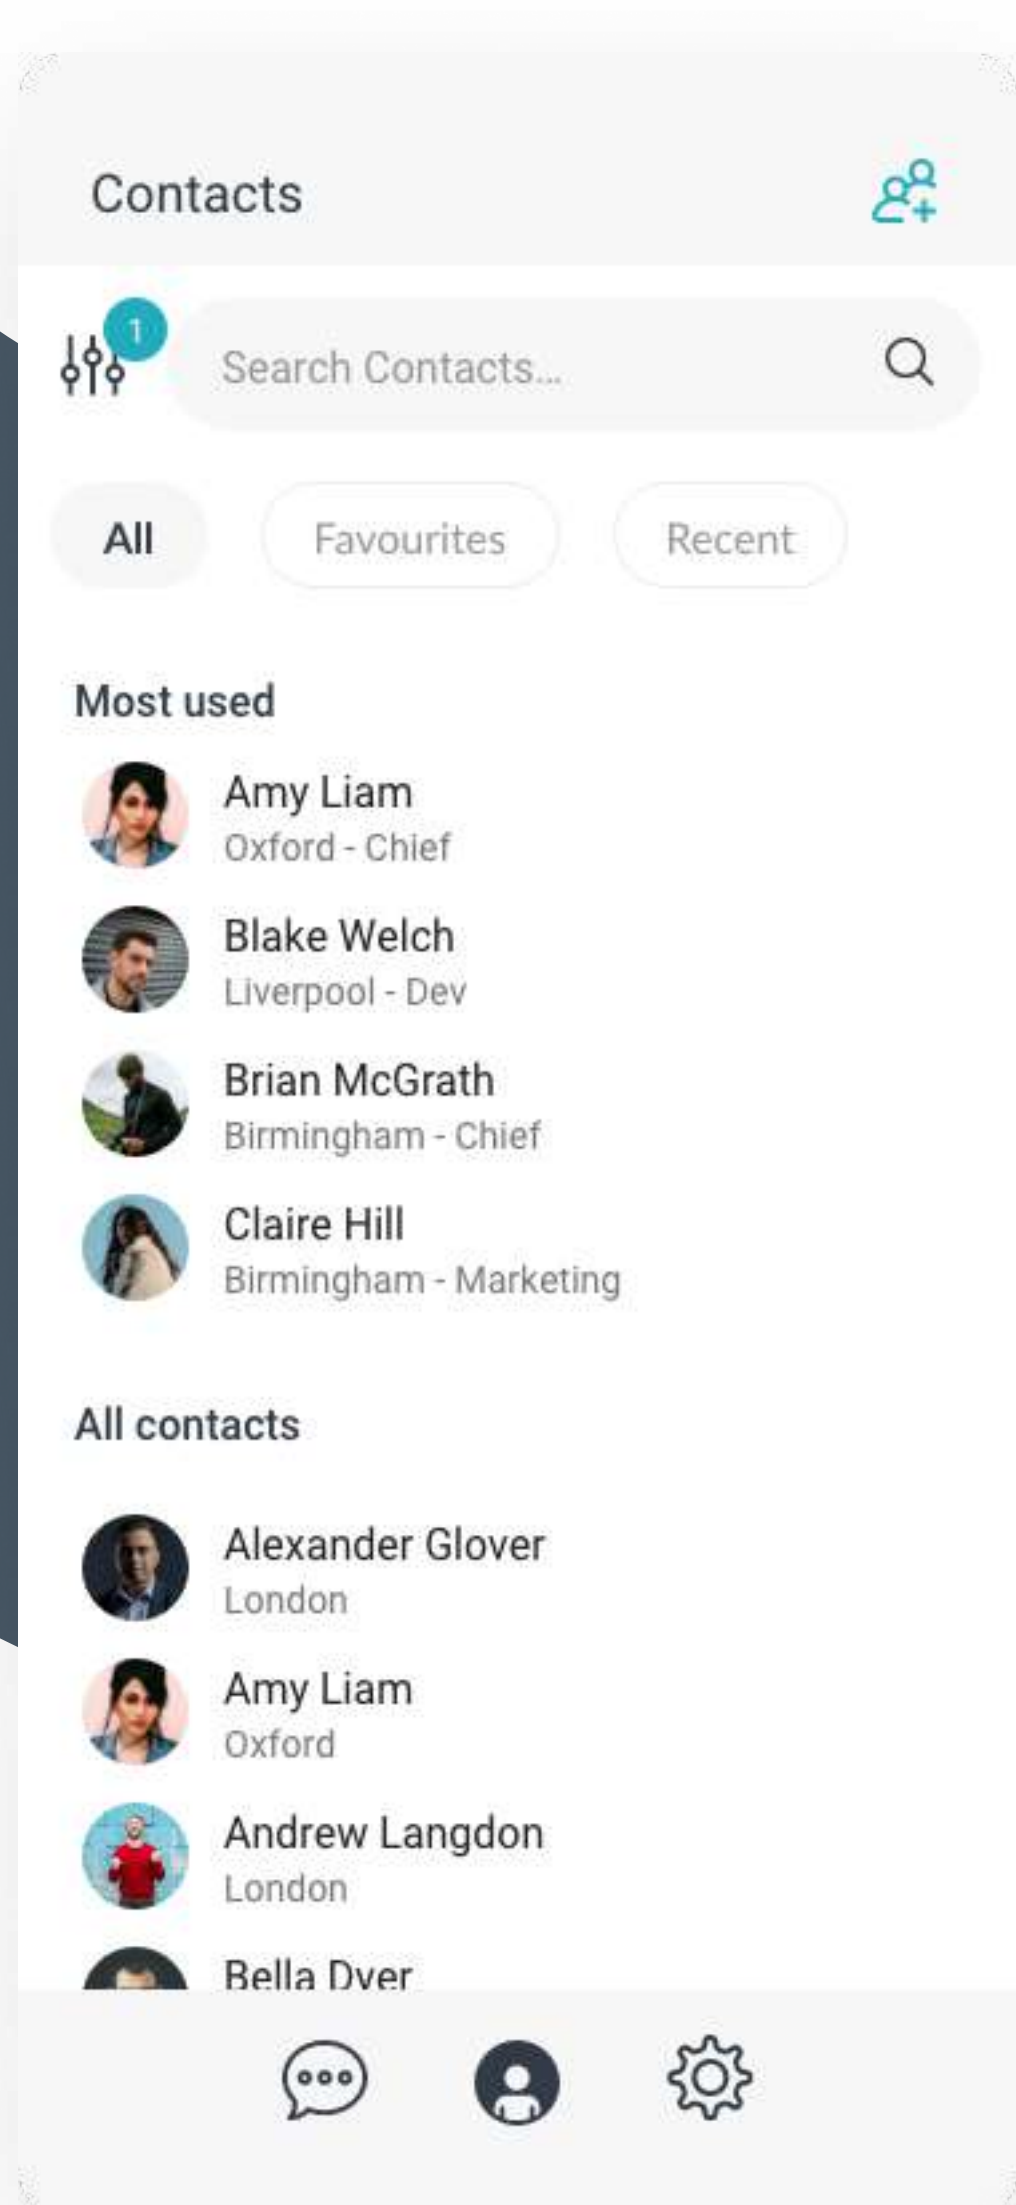

Contact list

Tap on **Create Group** 👥+ to start a new conversation with a group of users.

Contacts

Smart Contacts

As the Contact list interfaces with the company database, it is self-populated and it doesn't require phone numbers.
The list is alphabetically ordered and shows the most used contacts at the top.

It is also possible to display only favourite contacts, or only the most recently used ones.

User Filters

The filter list allows you to narrow down your search. Select the filters you need to activate them.
You can search by role, city, skill and more.
When filters are active the badge will show.

Search Contacts

Type in name, surname and name of the group to find a contact.
Please note that if you have set some filters, the search will show contacts that meet the filter parameters.

Messages

Send a message

To send a text message, start typing in the text box and tap on the **send** icon, ↑ which will appear as soon as you start typing.
You can also send a voice message by tapping on the **record voice message** icon 🎤 and holding it while recording.

You can also share pictures, videos, files, locations and contacts by tapping on the **+** icon.

Voice message currently recording
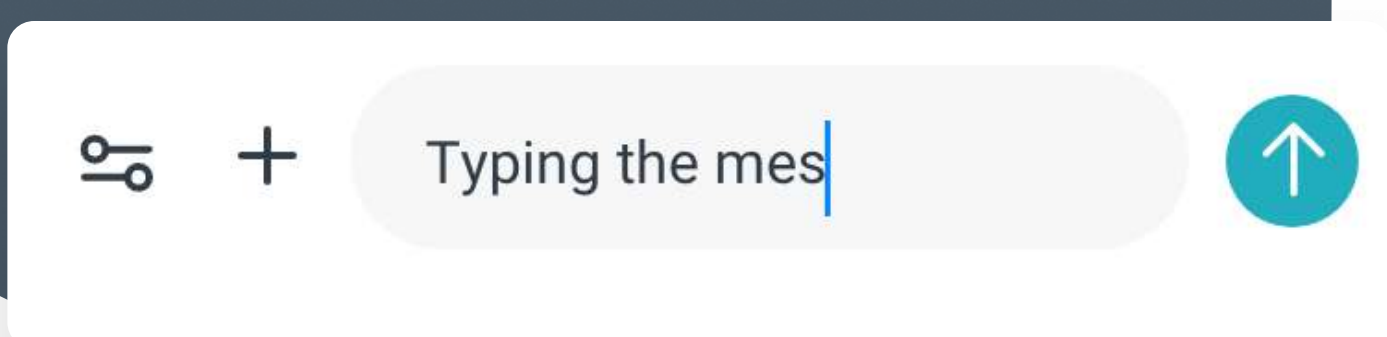

The send icon has 2 modes. It shows by default as "**record new voice message**" 🎤
It changes to "**send**" ↑ as soon as you start typing in the text box.

Share media, location, contacts, files

You can share pictures, videos, locations, files and contacts by clicking on the "**send media**" icon **+**
The shortcut to the gallery allows you to shoot a video or take a picture on the spot, or to choose from the most recent media.

Group conversations

How to creat

You can add a
picture from the
the media gallery
or a web search.

Messagenius allows you to create groups/rooms with up to 250 participants.
You can customise a group chat with a picture and a name that represent it.
Participants will get a notification when the admin who created the group sends the
first message.

Test Group
Hello guys, I just created this test
group to start chatting with you!
